

Customise Your Automatic Barrier

Revolutionary New Coating Technology used in the Formula One Industry to match individual corporate branding

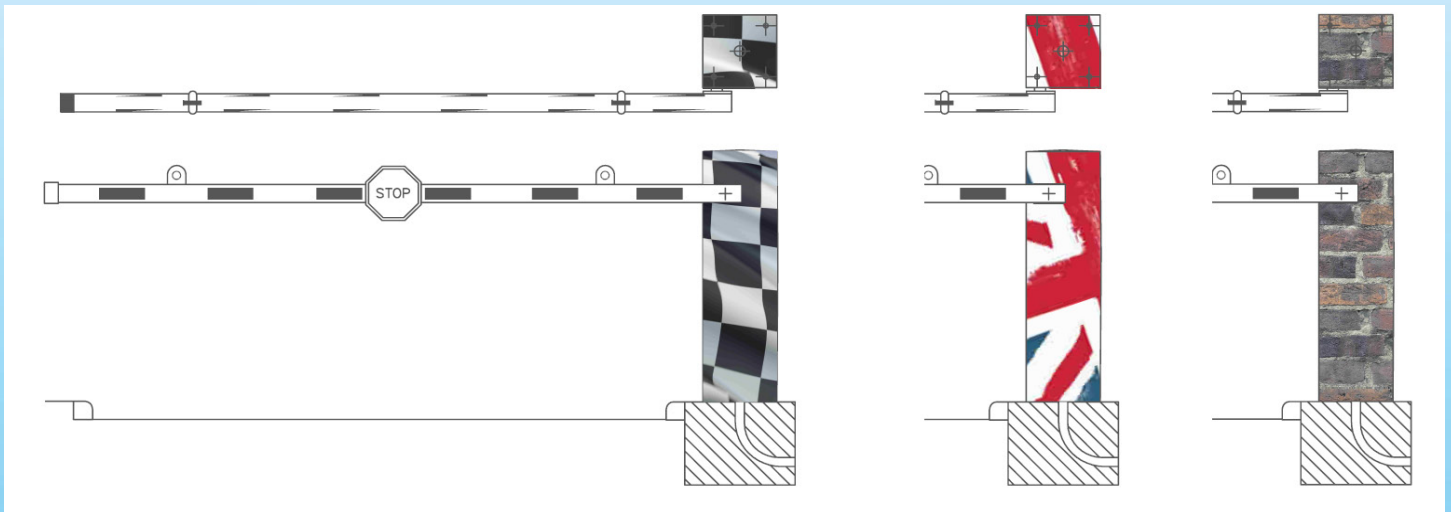

Frontier Pitts takes customising your Automatic Barrier to the next level.

Why stop at poder coating your Automatic Barrier in your Corporate Branding colours and themes when Frontier Pitts can use a revoutinary new coating technology used in the Formula One industry to customise your equipment.

As the Automatic Barrier on your car park is likely to be the first opportunity that visitors to premises will see, the traffic control system is a good opportunity for branding and free advertising. The customised wrapping can be matched to suit all environments, and can be changed to suit business seasons and promotions.

Customise your Automatic Barrier
