

## LPS1175 Security Rated Platinum Pedestrian Control Turnstile B3

Generated on 28.03.2020

### Detailed description

A heavy duty, high security turnstile designed to withstand extreme pedestrian attack.

The Terra Diamond Turnstile has resisted an intensive attack test programme in accordance with LPS 1175: Issue 8, which involved a series of attack tests each lasting at least three minutes using a wide array of hand and battery powered tools.

The turnstile is manufactured from robust carbon steel. It allows only single file authorized access and includes an anti-return solenoid lock and status indicator with a red and green light. It has a heavy duty, vandal resistant head mechanism long with a metal reinforced high security lid and is set to fail secure in the event of power failure.

Red book listing.

Secured by Design accredited.

### Applications:

Suitable for access through a perimeter fence line.

### Product guidance - As Standard

#### Size (h x w) (walkway):

2020 x 500 mm.

#### Finish:

Shotblasted, hot zinc sprayed, primed and finished with a final coat of polyurethane paint to a BS or RAL number. This process provides a 20-year corrosion protection system for exterior, industrially polluted inland sites to BS 5493.
